C/LTC MCCLURKIN receiving the top female of the Bravo Company Award

## MISSION COMPLETE.

These summers has been the best summers ever. Every year I have had a wonderful time. My first year I didn't know what to except, it sounded scary but I was made a leader. The last day I was sad because I had to leave all the people I grew a friendship with. Overall I had a wonderful time every year. I was proud when I received the top female award for my company. I encourage every cadet to go, and if I could I would attend again trust me I would.
